POLICE
SCOTLAND

Dear Parent/Guardian,

Inconsiderate Driving and Parking near Livingston Village Primary School, Livingston.

Police Scotland are aware of an increasing number of parents who are parking and driving with a lack of consideration to other road users, in and around Livingston Primary School.

This problem is not a new one, despite previous attempts advising drivers of their responsibilities, as well as enforcement using fixed penalty tickets.

The Police would like to take this opportunity to advise all parents who drive their children to school, to look at the way they park in the vicinity of the school. .

Parking on or near junctions, double-parking, parking within the staff car park and on pavements outside the school, are not an option. Should drivers continue to leave their vehicles in such a manner, the police will take the appropriate action against them. Local officers will be visiting the schools at appropriate times and will be observing driving and parking standards.

Parents and guardians need to ensure that they leave in sufficient time to allow for parking their vehicle and dropping off or picking up their children from school.

If spaces are not available in the street nearest the school, use common sense. Do not park at junctions, double park etc. Park in the next street, it's only a short walk.

If you live locally try your best to walk to school.

This has been written for the safety of all children in the area and your co-operation would be appreciated.
